

VERSO

VERSIFYING WORDS INTO WORLDS

THAMER ALMALKI, MAHMUED ALARDHAWY, RAWAD ALGHAMIDI

SUPERVISED BY: DR. MOHAMMED DAHAB

How does it work?

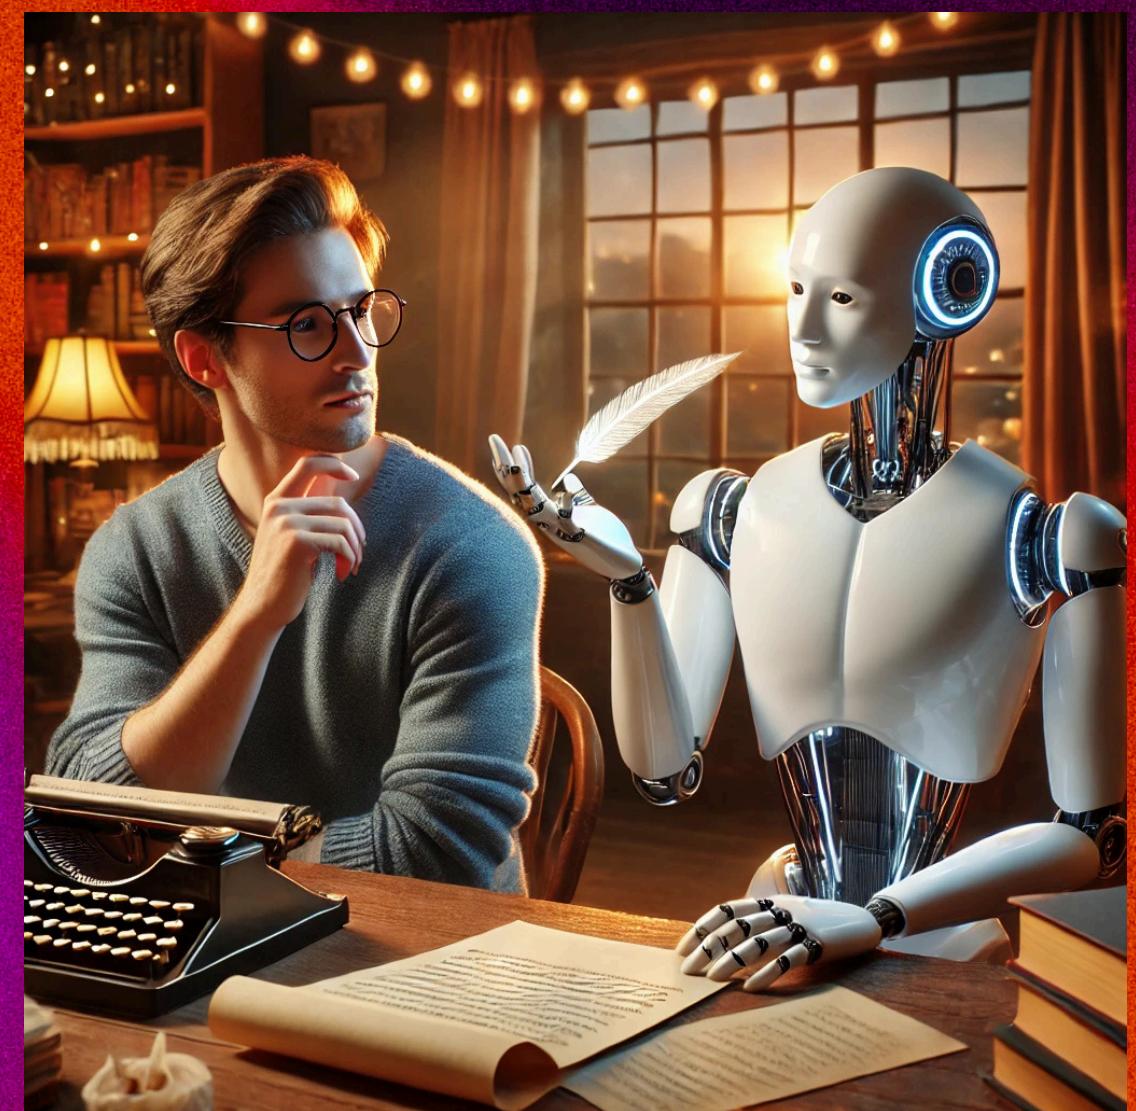

With just entering a title or an idea verso generates a well structured poem based on your prompt adhering the arabic prosody meters

Inspiration

VERSO was born from our realization that many never had the chance to learn Arabic poetry. We envisioned a platform that transforms the learning process into an engaging and enjoyable experience

VERSO is an **AI-powered** platform for **generating** and **analyzing** **Arabic poetry.**

Outcomes

input:

أكتب شعر عن الذكاء الصناعي
سالما بالبحر الطويل من ٦
 أبيات

output

سالما أتى بالزائيا إلى العلم
ذكاء يُضيء الدُّرُوبَ لَنَا أَمْلَا
يُنافِسُ فِي سَاحَةِ الْعِلْمِ
جاهدًا

ويَبْيَنِي لَنَا فِي الْمَعَارِفِ مَنْزِلًا
يَرَى فِي طَرِيقِ التَّلْجُومِ طُمُوحَةً
وَيَسْعَى إِلَى كُلِّ فَوْزٍ وَمُشْتَهِي
